

LNA Health Careers has partnered up with Rockingham County Nursing Home to hire *you* and pay for your LNA Class!!

Our Licensed Nursing Assistant Program will provide you with basic Nursing skills to prepare you, and set you up for a successful career in healthcare while working for Rockingham County!

This class begins on Monday, August 2, 2021 at Rockingham County. This is a great way to get started in health care! All applicants must meet the requirements to be accepted into this course.

Course content includes:

*The LNA program consists of 110 hours of training. Students participate in 50 hours of classroom and lab and 60 hours of clinical where they are actually caring for the residents in a training facility or simulated lab setting.

*Learning is achieved through class lectures, video, discussions, role-playing, hands-on laboratory skills training and demonstration and clinical practice, our students learn procedural skills such as bathing, dressing, vital signs, positioning, safety, and prevention skills.

*In addition, qualified resource professionals may be incorporated to facilitate learning opportunities to our students.

*Students learn communication skills through instruction that will assist them in the profession and beyond. After students graduate from LNA Health Careers, they are eligible to take the State Board Examination to become a Licensed Nursing Assistant (LNA) to work in the state of NH.

Course Breakdown:

*50 hours of theory

*60 hours of clinical

*state test after
completion of course
