

Rockingham County
American Rescue Plan Act (ARPA)
Nonprofit Subawards to Enhance Services
to Disproportionately Impacted Communities
(Treasury Expenditure Category 3)

Program Description

The purpose of the Rockingham County Nonprofit Subawards Program is to provide grant subawards to Rockingham County nonprofit organizations which will utilize the funds towards enhancing services provided to Rockingham County communities disproportionately impacted by the COVID-19 public health emergency.

The Board of County Commissioners has approved the allocation of \$2,226,000 of its State and Local Fiscal Recovery Funds (SLFRF) awarded by the federal government as part of ARPA towards this Nonprofit Assistance Program. The allocation of program funds, made available under U.S. Treasury Expenditure Category 3, *Services to Disproportionately Impacted Communities*, will be evenly distributed amongst the three Commissioner districts of Rockingham County. The program will provide assistance in the form of grants between \$1,000 and \$50,000.

If an applicant believes that a subaward greater than \$50,000 is warranted, it can appeal to the County Commissioners for such an amount, based upon the following:

1. The proposed project scope by the applicant (e.g., duration, number of anticipated beneficiaries, amount of personnel involved)
2. The severity of the negative impact/inequity the project is addressing
3. Other relevant factors

Funding requests exceeding \$50,000 must be accompanied by sufficient additional justification and documentation for the higher requested amount to be considered by the Commissioners.

Use of subaward funds shall be utilized to address health disparities and the social determinants of health, build stronger neighborhoods and communities (e.g., affordable housing), address educational disparities (e.g., evidence-based tutoring, community schools, and academic, social-emotional, and mental health supports for high poverty schools), and promote healthy childhood environments (e.g., home visiting, childcare). Nonprofit organizations will need to provide documentation of evidence-based interventions, as the U.S. Treasury is requiring this information for use of SLFRF funds under Expenditure Category 3 (“EC3”). This documentation will serve to record project goals/aims, progress and outcomes. Certain subcategories under EC3 will require performance indicators and programmatic data, which is detailed below.

Per the U.S. Treasury SLFRF *Compliance and Reporting Guidance* document, funds utilized under Expenditure Category 3 must fall within one of the subcategories listed below.
